BATTLE IN AFRICA.

European Troops Defeat a Horde of Slave Traders.

A VERY IMPORTANT CAPTURE.

Five Hundred Prisoners and Six Hundred Rifles Taken—Several Officers Killed. Re-enforcements Asked For—Other Foreign Dispatches.

BRUSSELS, Feb. 27.—The office for affairs of the Congo State has received dispatches to the effect that Commander Hanis has defeated a horde of Arab slave traders under Tippu Tib's son and has captured 500 prisoners and 600 rifles. The fight took place near Sefu on the Lomami river. During recent skirmishes between the Europeans and the Arabs M. Lippens, formerly a resident of Kasongo, and Lieutenant DeBruyn were killed. Lieutenant Chaltin routed the Arabs at Yadumba and freed the slaves who were dying of starvation.

Captain Jacques reports that the Arabs are constantly importing the most improved firearms despite the restrictions in force against such a trade, and apparently have resolved to make desperate resistance to the operations of the anti-slavery people. Unless cannons be sent at once, he adds, the Europeans can not hope to hold their own.

Election in Belgium.

BRUSSELS, Feb. 27.—The referendum instituted by the Liberal societies to learn the sentiment of the people on the suffrage question was taken yesterday, throughout the kingdom. As the referendum was entirely unofficial, most of the stations were at cafes, cigar stores and newspaper offices. Despite the rain, the streets were thronged all day and the greatest enthusiasm prevailed, and especially in the quarters occupied by the workmen, although there was no disorder. A large majority favored M. Janzen's proposal of universal manhood suffrage. The socialists voted for it to a man. Catholics and the more moderate Liberals abstained from voting. In the smaller cities and the towns, the majority for the Janzen proposals was still greater than heretofore.

Will Not Have to Remarry.

VIENNA, Feb. 27.—The Neue Freie Presse says that the metropolitan Michael has pronounced the divorce of ex-King Milan and Natali void. According to this decision the first marriage is still valid and hence a second marriage, which has been contemplated, will not be necessary.

Entire Wedding Party Drowned.

ST. PETERSBURG, Feb. 27.—While a peasant wedding party was crossing the Dnieper yesterday near Ekaterinoslav, the ice broke, and two sledges, with 10 persons, disappeared under water. All were swept under the ice and were drowned.

Murderous Work of Brigands.

ROME, Feb. 27.—Brigands entered the postoffice in Misterbianco, Sicily, Saturday night, stabbed to death the postmaster, Perinis, and his family, and carried all the money and much of the mail off.

Factories Close Down.

LONDON, Feb. 27.—Several mill owners in Heywood have closed their factories so as to assist in bringing about the desired reduction of wages. Thousands of looms are idle.

Death of a King.

SYDNEY, Feb. 27.—King George Tubou of the Tonga islands is dead.

TAME LYNCHING.

One Negro Strung Up and Another One Will Soon Meet the Same Fate.

KNOXVILLE, Feb. 27.—The lynching at Jellico Saturday night of Negro Joe Payne for ravishing Miss Fannie Bell Cecil was itself a very tame affair. He confessed the crime and was swung up to the nearest tree without any noise. The mob pinned a placard on his back, vowing death to any one who should disturb the body until 10 o'clock Sunday.

At that hour fully 5,000 people had gathered from neighboring towns. Miss Cecil, who was not badly injured, sent word that she would take pleasure in cutting down the body. Her wishes were granted, and with a sharp knife she severed the rope and the body fell to the ground. She smiled as she cut the rope. Her act was greeted with cheers from the vast crowd. She is a very handsome young woman of eighteen, and of good family.

Len Tye, who ravished Miss Bryant on the same spot last December, has been located in West Virginia, and will be brought to Jellico in a day or two. He will be lynched as soon as he arrives. Negroes of that locality are wrought up over the affair.

Death of a Great Financier.

NEW YORK, Feb. 27.—Francis Ormond French, president of the Manhattan Trust company, died Sunday afternoon at his cottage at Tuxedo. Mr. French was born in Chester, N. H., Sept. 12, 1837. In 1870 Mr. French entered the firm of Jay Cook & Company, and after its failure represented the London firms of McCollough & Company and Melville, Evans & Company in New York. In 1874 he had control of the First National bank of New York and engineered the funding operations of United States loans.

WILMINGTON, O., Feb. 27.—James Berry of Blanchester, aged 20 years, pleaded guilty to a charge of burglary and larceny, in the common pleas court Friday, and was sentenced by Judge Van Pelt to a term of 18 months in the penitentiary.

SOUTH AMERICAN TROUBLES.

Probability of a Settlement in Rio Grande do Sul.

VALPARAISO, Feb. 27.—There is a probability of a temporary settlement of the troubles in Rio Grande do Sul, Brazil. The national government has proposed the appointment of an arbitrator to settle the matters in dispute, and it is probable that the federals will accept the proposition. In the meantime they are pushing forward their operations with vigor.

Santa Ana is now in the hands of Trevals. The lines are cut, and it is impossible at present to get the particulars of the capture of the city. The federals are also in possession of Dom Pedro. There was much rejoicing in Porto Alegre at the reported death of Lavaria. It is not believed that it is true.

The German colonists at Santa Fe, in the Argentine province of Corrientes, have again revolted. There was a fight between the colonists and the provisional battalion at Caseros.

The Mitrillas in Buenos Ayres are organizing to oppose President Pena.

There was a friendly meeting at Santiago Saturday between the delimitation commission of Chili and Argentina. The meeting resulted in the issuance of an official notice that no discord exists.

In spite of this it is known that Argentina is insisting on a Pacific port, and that there are constant official telegrams between Santiago and Buenos Ayres. When Minister Errazuriz returns the matter will probably be settled. President Montt, on his southern tour, is meeting with a most cordial reception from all classes of the people.

The British Pacific squadron will meet here next week. Only the Champion will be missing. She has gone to Esquimaux. The French flagship Du-bouard is here awaiting the arrival of the cruiser Duguay Trouin.

AN INSANE WOMAN'S DELUSION.

She Shoots and Kills Two of Her Sisters For Imaginary Wrongs.

ATLANTA, Feb. 27.—Miss Julia Force, a monomaniac, whose one fatal delusion, cherished for years, was that her mother and sisters were her bitterest enemies, wreaked a vengeance which she had nourished for years by putting a bullet into the brain of each of her younger sisters just at the hour of noon Saturday. Miss Julia was alone in the house at the time, and it is believed that she crept behind her sisters and shot them while they were not looking. Miss Minnie Force, aged 28, died instantly. It is thought. Miss Florence, aged 32, lingered in great agony for two hours. Licking her victims in the room in which they had been shot, Miss Julia quietly donned her street costume, and walking hurriedly to police headquarters surrendered herself into the hands of officers. She had lost none of her steady nerve, and declares that she is perfectly sane, and what she has done has been done simply to get even for her wrongs. This tragedy, coming as it did as a climax to a week of blood and sensation, has created the greatest excitement.

THE MACKAY SHOOTING.

The Assailant Rippey Still Living But Not Able to Talk.

SAN FRANCISCO, Feb. 27.—Nothing of any consequence has developed in connection with the shooting of John W. Mackay Friday by W. C. Rippey, the old man crazed by misfortune. Rippey is conscious but too feeble to talk. In response to questions he would only move his head languidly from side to side, and murmur some unintelligible expression. It hardly seems possible that Rippey can survive his self-inflicted wound, and if the injury is to terminate fatally the end can not be very far distant.

On the other hand, the man whom the would-be assassin attempted to kill is thought by his attending physician, Dr. Keeney, to be in practically no danger. The doctor paid several visits to Mr. Mackay yesterday and dressed the wounds. "I found," he said, "that Mr. Mackay had slept quite as well as could have been expected. The wound looks very healthy, and there is no fever of consequence. Mr. Mackay complains of considerable soreness, but that, of course, we expect."

THE COLONEL'S A 'MASHER.'

Twelve Wives Have Already Turned Up, Aged From Sixteen to Forty.

CHARLESTON, Feb. 27.—Colonel A. F. Hagood of Chicago, has been brought here under arrest from Atlanta to answer to the charge of bigamy. Colonel Hagood had scarcely been placed behind the prison bars before there was a rush of wives from various parts of the state to this city. The state of Illinois is represented by Mrs. Belle Hagood of Chicago.

When the colonel was brought here only two wives were known to be in existence. In less than 24 hours nearly a dozen women appeared, each claiming him as her husband. His wives range in age from 16 to 40. He is about 60 years old, was in the Confederate army, and is very handsome. At the preliminary hearing Saturday bail was fixed at \$1,000, which was advanced by his Chicago wife, and the colonel was set at liberty.

Violently Assaulted by a Highwayman.

WILMINGTON, N. C., Feb. 27.—Early Sunday morning C. Wilson, a butcher, while on his way home from market, was knocked senseless by some blunt instrument in the hands of a highway robber. He remained on the sidewalk unconscious nearly an hour when he was discovered and taken home. Examination showed he had received two serious wounds on the head. The robber took Mr. Wilson's account book, but did not find any money on his person, which had been carefully hidden.

THE CLOSING WEEK.

But Six Days Left of the Present Session of Congress.

LEGISLATION WILL BE RUSHED.

As There is Not Time Enough for All the Public and Private Measures to Be Passed They Must Necessarily Oppose Each Other and Few Will Get Through.

WASHINGTON, Feb. 27.—The closing week of the Fifty-second congress will be characterized by a rush of legislation that has seldom been equaled. As there is not time enough for all the many public and private measures near completion to pass, they must antagonize each other, and opposed to them all in both houses will stand the appropriation committees, urging immediate action upon the great measures in their charge.

The present condition of these bills is as follows: The fortifications bill is a law; the army bill is before the president for signature; the military academy and District of Columbia bills are in conference; the sundry civil, the diplomatic and consular and the legislative bills have passed both houses, but have not reached the conference stage; the pension bill has passed the house and been reported to the senate, and the naval, agricultural, postoffice and deficiency bills are awaiting action at the hands of the senate committee on appropriations.

In the senate the naval bill will probably come up today. The agricultural and postoffice bills are expected to be reported by Tuesday, and the deficiency bill about the middle of the week. They will be taken up for action as fast as reported. Meanwhile consideration of these bills, and of other pending measures, will be suspended from time to time to allow of the disposition of conference reports.

In this condition of affairs matters of general legislation can hardly receive much attention, but if opportunity offers Senator Teller will endeavor to call up his revised McGarahan bill. Mr. Cary may make another effort to secure consideration for his omnibus statehood bill.

There seems to be a set purpose to prevent any further executive sessions of the senate if possible. This will serve a threefold purpose—defeat action on the nomination of Judge Hanchett; prevent reconsideration of the vote by which the nomination of ex-Congressman Findlay of Maryland as Chilean arbitrator, which was refused, and shelved the Hawaiian treaty of annexation for this session.

In the house advantage will be taken of the rule permitting action during the last six days of a session under suspension of the rules to rush forward business of an urgent nature. A number of measures of comparatively little interest may be thus passed, but the indications are that it will be necessary to give most of the time to the appropriation bills.

Unless an amicable understanding can be privately reached with reference to the course to be taken with the Sherman bond amendment to the sundry civil bill it is probable that it will be moved under suspension of the rules to send all the amendments to conference with formal non-concurrence recommended. It is believed that a two-thirds vote can be secured for this motion. By the adoption of this course the long delay over the numerous amendments of no special interest in themselves, would be avoided, leaving only the bond amendment to be fought out in the house.

It is expected by the leaders of the house that the French spoliation claims will be again put on the deficiency appropriation bill by the senate and perhaps the Cherokee strip bill on the Indian bill, but with these exceptions it is not anticipated that any serious trouble will occur in conference sufficient to endanger the passage of the appropriation bills and compel an extra session of congress.

DEPTH OF DISHONOR.

A Woman Leaves Her Dying Husband to Bail the Man That Stabbed Him.

LOUISVILLE, Feb. 27.—The little town of Parkland, a suburb of this city, was the scene of a sensation Saturday evening. Henry Bealman saw his young wife enter the room of Charles Cox, one of his boarders. Bealman grabbed her a large boulder and followed his wife upstairs and threw the boulder at Cox, felling him to the floor.

Bealman then jumped upon the prostrate man, who, drawing his knife, stabbed his assailant in the side, the long blade penetrating his left lung, besides cutting him about the body in several places. Cox was arrested. Shortly afterwards Mrs. Bealman left her dying husband, and with property which her husband had only recently given her became surety for Cox's appearance at court and had him released on bail. Bealman can not recover.

Overcome by Coalstove Gas.

CHICAGO, Feb. 27.—Three men occupying a room in Mrs. Anna Olsen's boardinghouse, at 324 West Chicago avenue, were overcome by gas from a coalstove Saturday night. Bernard Lorenze died before medical aid could be summoned. John Thompson and Luther Thompson were restored to partial consciousness, but both will probably die. The men were quarry laborers.

Express Package Lost.

TYLER, Tex., Feb. 27.—A package consigned to the Tyler National bank from W. L. Wells of Dallas, purporting to contain \$6,000, when opened was found to contain only paper. The express employees refuse to talk.

FIRE IN ST. PAUL.

Three Firemen Injured, One of Them, It Is Believed, Fatally.

ST. PAUL, Feb. 27.—At 8 o'clock Sunday morning fire broke out in the Minnesota Shoe company's building operated by C. Gotzian & Company, corner of Roswell and Fifth streets, and in spite of the prompt and vigorous work of the whole fire department was almost entirely destroyed, together with an unoccupied building adjoining. During the progress of the conflagration three firemen were knocked down and badly injured by a falling cornice. Lieutenant Felix J. O'Neill of company No. 2 was so seriously injured about the spine that it is feared that he can not survive. Lieutenant Ed Hines of No. 3 fell upon his ankle and strained it. Gilbert Gilla, second pipeman of No. 3, broke his leg and was seriously injured. The loss to the Minnesota Shoe company was \$100,000; covered by a blanket insurance policy in 20 companies. William Rodger & Company, machinists, lost about \$10,000.

Fire Due From a Defective Flue.

CHICAGO, Feb. 27.—Fire, supposed to have started from a defective flue, broke out in the building at 195 South Water street, at noon Sunday. Before the flames were subdued that structure and the one adjoining, 193 South Water street, were destroyed. The loss on on buildings and contents aggregate \$55,000. The commission firms of Knecht, Warner & Company, Church & Brauhling, K. Hexter & Company, Erchengreen & Kennedy, J. Neuberger & Company, and Constans & Topping were the chief sufferers. Half a dozen other firms sustained small losses.

The Watchman Was Asleep.

CHATTANOOGA, Feb. 27.—The destruction of the planing mill of the Commercial Lumber company, at Felton, Ga., Saturday morning, entailing a loss of \$150,000, was due to the falling asleep of Nightwatchman James Berry. He was in the shavings room, and a spark from the furnace caught in the shavings. Berry's arms and legs were completely burned off, leaving only the charred trunk.

REPUBLICANS WIN A VICTORY.

The Recent Muddle in Kansas Decided By the Supreme Court.

TOPEKA, Feb. 27.—In the supreme court Saturday, Chief Judge Horton rendering the decision, Justice Johnson concurring, and Justice Allen (Populist) dissenting, sustained the Douglass or the Republican house as the legal and constitutional house of representatives of the Kansas legislature, and incidentally declared that the Populists had no standing. The opinion of the chief justice was given orally, and occupied an hour and forty minutes in delivery.

The Populists have agreed to respect the supreme court decision and will march into the Republican representative hall this afternoon and take their seats in the Republican house.

A boom has been started for Colonel Rosington, a stalwart Democrat, for senator. The Republican leaders say they can get four or five Populist votes for him. This, with a solid Republican strength, will elect him.

A FEARFUL FALL.

Three Men Killed by Falling to the Bottom of a Mine Shaft.

COALTON, O., Feb. 27.—A most distressing accident occurred at the Tom Corwin coal mine, at 5 o'clock Saturday evening, resulting in the death of three workmen. Samuel Brown and his son Sidney, a boy of seventeen, and George Brown were returning home from their day's labor, and were being hoisted out of the shaft on the cage.

When near the top, the cage tipped, and the three men were precipitated to the bottom of the shaft, a distance of 125 feet. When picked up, all were dead, their bodies being horribly bruised. Two other workmen, who were on the cars at the time, escaped death by clinging to the iron supports on either side. Much excitement prevails over the horrible happening. Samuel Brown's father was killed by a mowing machine, his brother in a railroad wreck and his brother-in-law by being run over by a train of cars.

AN INDIANA TRAGEDY.

An Anderson Man Goes to Indianapolis and Commits Suicide.

INDIANAPOLIS, Feb. 27.—David W. Campbell, a wealthy and well known notion dealer of Anderson, this state, registered at the Spencer House Saturday afternoon and about midnight called for his key and retired to his room. Not appearing during the day, and calls at his door being unanswered, the door was forced open and Campbell was found dead upon the bed with a bullet in his brain.

In his right hand was a revolver and the weapon had been held so close to his head that the charge of powder had been driven into the brain with the bullet, which entered a little above and to the right of the right eye. Nothing was found upon his person to indicate what prompted self destruction. Campbell was about 47 years of age and has been one of the most progressive citizens of Anderson for many years.

Oyster Vessels Wrecked—Seven Drowned.

PHILADELPHIA, Feb. 27.—A special from Laurel, Del., says: Intelligence has just been received from Tangier sound, the disputed oyster beds of the Chesapeake, that is of a harrowing nature. The past week has been a memorable one. Four boats were wrecked, the Maggie Smith, Thomas Messick, Benjamin Harrison and George Thomas and seven oystermen, Harry Smith, Benjamin Walker, Martin Vandyk, of Philadelphia, and Howard Clendani and Charles Hammersley of New York, and two unknown dredgers were drowned.

ANNEXATION LOST.

So Thinks Queen Liliuokalani's Envoy.

PAUL NEUMAN INTERVIEWED.

The Queen Has Not Been Deposed but Simply Retired to Her Private Residence in Order to Avoid a Conflict With the United States Troops—No Occasion for Princess Kaulani's Trip to America.

WASHINGTON, Feb. 27.—Mr. Paul Neuman, the envoy of Queen Liliuokalani to Washington, yesterday expressed his confident conviction that the treaty of annexation made with the commissioners of the provisional government of Hawaii was practically defeated. He said that the senate would be asked this week to appoint a commission to visit the islands and investigate the condition of affairs there. If this were done, he said, the senate and the country would learn the conditions under which the people of Hawaii would almost unanimously support a movement for the annexation of the islands, if it were then determined that that was the best thing for both countries.

The present treaty, Mr. Neuman said, gave the people of Hawaii practically nothing, and the offer of the islands came from a body of men who had nothing to give. He asserted that the queen had not been deposed, but had simply retired to her private residence in order to avoid a conflict with United States troops. He asserted that Minister Stevens had been compelled to raise the United States flag over the government buildings in Honolulu to protect the provisional government from its own partisans. Having established the protectorate, however, Mr. Neuman said, Minister Stevens should have been amply supported by his government. Personally, he hoped the protectorate would be maintained until the future course of the islands was settled.

Mr. Neuman criticized the action of Mr. Davies in starting to the United States with Princess Kaulani and also his reported proposition to Minister Lincoln, in London, to accept a United States protectorate over the islands with the princess on the throne, with a regency for three years. "Why for three years?" he asked. "The princess will be of age next year and if she ever is qualified to reign it will be then. Mr. Davies acted, I believe, without authority. The friends of the princess in Honolulu oppose the project of bringing her to this country, but she seems to have been started off before letters from the islands could reach her. I do not believe the officials of the United States will be inclined to receive with a kindly spirit the intermeddling of this Liverpool merchant."

England Ready to Take the Islands.

CHICAGO, Feb. 27.—W. C. Wilde, one of the Hawaiian commissioners, left for San Francisco Saturday night. L. A. Thurston returns to Washington, where he will remain until the new administration takes final action on the matter of annexation, and Judge Marsden left for Hawaii yesterday. Mr. Marsden said: "If the Democrats fail to take speedy action toward annexing the Hawaiian Islands it will be the last chance the United States will ever have to get them. England is playing a smart diplomatic game. She knows that to enter a protest would precipitate action at once, but England stands ready to act at a moment's notice. Warships are on the way and if Minister Woodhouse, the English representative on the islands, has occasion to send troops ashore, those troops will never be removed until the English flag is raised over the islands."

LAID TO REST.

Funeral Services Held Over the Remains of the Late Rufus Hatch.

NEW YORK, Feb. 27.—Funeral services over the body of Rufus Hatch were held Sunday at his late home at Spuyten Duyvil. Many friends of the dead financier, who knew him when he was a power in Wall street, attended the services. Rev. Dr. Jacob Shipman, rector of Christ church, Seventy-second street and the Boulevard, assisted by Rev. George Natrass of Kingsbridge, conducted the services according to the Protestant Episcopal ritual. The floral offerings were many and beautiful.

The honorary pallbearers were William F. Shirley, Dr. Henry D. Nichol, Jennings S. Cox, Colonel John A. Cocke, Charles T. Cooke, Ashley W. Cole, Lewis C. Johnson and Adolphus D. Pope.

Among those who were present at the funeral were the deceased's sister, Mrs. John A. Brown of New Hampshire; his niece, Mrs. George Morrison of Washington city, and his brother, Albert J. Hatch. The interment took place in the afternoon in Woodlawn cemetery.

Cleveland Passes a Quiet Sunday.

LAKEWOOD, N. J., Feb. 27.—Mr. Cleveland passed a quiet Sunday with Mr. Carlisle as his only guest. In the afternoon Mr. and Mrs. Cleveland and Mr. Carlisle took a long drive through the Lakewood pines. Mr. Carlisle will leave for Washington today. Mr. Cleveland said yesterday evening that he was not ready to announce what day he will go to Washington or who will accompany him. The trip will be made as quickly and with as little ostentation as possible.

Found Dead in a Coal Mine.

SHAWNEE, O., Feb. 27.—John Medvis, a Hungarian, aged 40, was found dead in a coal mine at Congo, a small town east of here, Saturday. The coroner's verdict was heart failure.

A RECORD OF WRECKAGE.

"Look at the heritage Cleveland left to Harrison," says the Philadelphia Times. "A surplus of \$65,000,000 in the Treasury; a bank-note-redemption trust fund of \$55,000,000 more than has been converted into the Treasury, making an aggregate Treasury surplus of \$120,000,000; the gold reserve at its highest standard; American securities in demand in every money centre of Europe and public credit second to none in the world."

"Such was the Cleveland financial legacy to Harrison four years ago; what will be the Harrison legacy to Cleveland on the 4th of March? The \$120,000,000 of surplus gone; the Treasury compelled to falsify its statements by such unavailable assets as subsidiary coin and disbursing officers' deposits, and to withhold appropriations from public buildings, &c., to make the Government appear solvent; American securities forced back upon our markets, because of impaired credit, to drain us of gold; the gold reserve lower than it has been at any time since the close of the war; taxes on many of the necessities of life increased; the legitimate commerce, industry and trade of the Nation halted by the cowardly shuffling that attempts to conceal the truth; and the administration that is about to retire seems only to say: 'After me the deluge!'"

THERE is no doubt as to the Democracy of Richard Olney, Mr. Cleveland's Attorney General. He refused to vote for the late General Butler when the party took the latter up and ran for Governor of Massachusetts a few years ago.

TORNADO policies—W. R. Warder, agt.

The four-year-old daughter of Mrs. Ellen Swift was painfully injured yesterday afternoon. She was descending a pair of steps when she tripped and fell, breaking one of her legs in two places between the knee and ankle.

Suits have been filed at Brooksville against the C. and O. Railroad by G. W. Ward, Anthony Johnson and William Mack. Ward sues for \$2,000, Johnson for \$2,500 and Mack for \$3,000. These actions grow out of the late collision at Wellsburg, in which the three plaintiffs were injured.

THERE were eight additions to the M. E. Church yesterday, making ten to date during the protracted service commenced a week or so ago. There was a good attendance yesterday at both services. The meeting will continue. Services every afternoon at 2:30 o'clock and every night at 7 o'clock. Preaching by the pastor, Rev. D. P. Holt. The public cordially invited.

THE Louisville Railway Company operates 145 miles of street railway, which is said to be a greater mileage in use than in any other city of same population. The report of the company for the calendar year 1892 shows gross earnings of \$1,270,827, operating expenses, including taxes, interest and other charges, \$1,144,875, leaving a net surplus of \$125,952. Of the 143 miles of track sixty-five are equipped with electricity.

A. C. ALVERSON, who robbed the contribution basket of the Fifth and Walnut street Methodist Church in Louisville about ten days ago, has pleaded guilty to the indictment and consented to a punishment of five years. A verdict to that effect was rendered by the jury without leaving their seats. When sentence was pronounced upon him he looked very penitent and seemed heartily sorry for his crime. He was caught in the act of stealing from the basket just as services were closing one Sunday morning.

YESTERDAY afternoon while Mr. Martin Hanley, of the L. and N., was walking along the C. and O. track in front of Cooper's warehouse on Front street he discovered that some of the heavy timbers of the trestle work had fallen from their position, caused by the recent rise in the river. He immediately notified Mr. Wikoff, who telegraphed the conductor of No. 3, then about due at Springdale, of the danger. On arriving here No. 3 took the inside track, and beyond a few minutes delay there was no inconvenience. Had it not been for the prompt action taken there might have been a serious accident. Carpenters were immediately put to work and the trestle was repaired.

MADE OF GOOD TIMBER.

That's How Cleveland's Cabinet is Regarded—Senators and Others Well Pleased.

Referring to the make-up of President-elect Cleveland's Cabinet the Washington correspondent of the New York Herald says: "Mr. Cleveland's entire Cabinet seems to be satisfactory to the Democrats in the Senate and House. It is generally believed that Mr. Cleveland, in the selection of his official household, was animated by the desire to surround himself with men whom he could trust implicitly, and who are well fitted for their respective places. In the latter respect the Cabinet is highly thought of. All of the men are believed to be diligent and conscientious workers, and no department, it is anticipated, will languish for want of an energetic head. It is a young Cabinet, when the average is taken. The oldest members are Messrs. Carlisle, Gresham, Olney and Herbert, all of whom are in the neighborhood of from fifty-six to fifty-eight years of age. Hoke Smike is the youngest member, being only thirty-eight years old; in fact, it is said, that he is the youngest man who has ever been chosen for such a position. Mr. Lamont is but three years older, while both Messrs. Morton and Bissell are under fifty years of age. A glance at the personnel of the Cabinet will show that every member is in the prime of vigorous intellectual and physical capacity."

Editorially the New York World has this regarding the new Cabinet: "Politically, the selection is eminently satisfactory. The old-line Democrats are strongly represented by Mr. Carlisle, Mr. Herbert and Mr. Olney. The aggressive and progressive Democrats of the West could hardly have a truer and safer representative than Mr. Morton. The new South is present in the person of Mr. Smith. The Independents, those honorable allies to whose aid the Democracy owes the completeness of its triumph, and in whose continued co-operation lies the surest hope of its brilliant future, are splendidly represented by their typical leader, Judge Gresham. The active, enthusiastic, victory-compelling younger element, the life and leaven of every vigorous party, supplies Lamont and Bissell, as full of zeal for their party as of loyalty to their chief."

High Prices Will Rule.

Speaking of the preparations for the inaugural next Saturday, the Washington correspondent of the Enquirer says: "The reservations on Pennsylvania avenue are lined with stands, which are erected by leave of the Inauguration Committee, and are let to contractors, who get all that the public will pay. Prices in the stands range from \$1 to \$5 a seat, and a common price for a second story-room facing the avenue is \$200 to \$300. Shopkeepers are building seats in their show-windows and charging high prices. Somebody must come down, or else we are a nation of suckers."

The "Limestone's" New Officers.

At the meeting of the stockholders of the Limestone Building and Saving ciation Saturday evening the old Board of Directors and officers were re-elected throughout, as follows:
 Directors—W. B. Mathews, T. H. N. Smith, T. M. Pearce, H. R. Bierbower, I. M. Lane, Geo. T. Hunter, J. W. Fitzgerald, T. A. Keith, Frank Devine, Chas. Bromley and L. M. Mills.
 President—W. B. Mathews.
 Vice President—Dr. T. H. N. Smith.
 Secretary—H. C. Sharp.
 Treasurer—James Threlkeld.
 Solicitor—C. D. Newell.

To Save Soap.

There are two soap savers which no good housewife should be without. One is a kitchen utensil, a long-handled box made of fine wire. The soap is put in this and shaken into the water, and the smallest scraps may be utilized in this way. The other is a toilet appliance, a bag of soft flannel five or six inches square, into which bits of toilet soap too small for use are placed. The bag is then used as a cake of soap is used.

THE WESTERN AND SOUTHERN

Issues the most liberal Life and Endowment Policies of any Industrial Company. Their advantages combine immediate benefits in case of death, paid up values after a specified term, and incontestability after having been issued three or more years.

Why insure in the Western and Southern? Because it has paid \$100,000 in Death Claims. Because it has issued over 110,000 policies. Because its policies are in immediate benefit and their payment is absolutely guaranteed by the company's assets and a special deposit of \$100,000 with the State Treasurer for the sole protection of the policy-holders. A MAYSVILLIAN AT MOBILE.

What a Louisville Times Correspondent Has to Say of George Bruce Thomas.

A correspondent of the Louisville Times in an interesting letter from Mobile, Ala., has the following in reference to a former citizen of Maysville: "Another Kentuckian who came down a few years ago was George Bruce Thomas, of Maysville. He brought some money with him and plenty of push and nerve. He went into the boom business, made more money, and now saunters along the sunny side of Easy street with no apprehension of the future. Change of diet from beef and cornbread to pompano and oysters has left its mark on Thomas, and if it were not for his mustache his resemblance to Editor Ridgely, of Louisville, would be a striking one. Thomas lives in a magnificent suite of bachelor apartments, has a marble bath-tub, a man servant and a tiger in brass buttons. * * * "Thomas is very much in it down here, and the people are talking of an entertainment he gave just before the carnival. He bought ten boxes at the theater for Richard Mansfield in "Beau Brummell," and filled them with the beauty and elite of the place. After the play the guests were driven to his rooms for supper. There supper was served, the guests played a few games of euchre for handsome prizes and after 1 o'clock danced the cotillion. He kept them until daylight and had served a magnificent breakfast at 5 o'clock in the morning. Some of Mr. Thomas' guests were the Misses Morgan, Miss Bruce and Miss Walthall, of Covington, a quartet of handsome Kentucky girls who held their own with the famed beauties of Mobile."

AN ABBE'S TALE OF WOE.

He Wants \$100,000 From Uncle Sam For an Alleged Assault.

NEW YORK, Feb. 27.—The World's special from Seattle, Wash., says: The Abbe de la Croix de Cristes, who in behalf, he says, of the French government will demand indemnity of \$100,000 from this country, was in town Thursday.

To friends he told the story of an outrage perpetrated on him a few weeks ago by United States customs officers.

The abbe, who is a nephew of the widow of Marshal McMahon, ex-president of France, came to America four years ago. He has been living for six weeks in Everett, Wash., with a niece, Madame De La Chasse. Before going there he lived in New Westminster, B. C. He was permitted to bring his trunks into the United States free of duty, but afterward two deputy customs inspectors, armed with search warrants, went to his house and broke open his trunks, a woman in whose house the abbe and his niece had lived claiming to have lost some wearing apparel.

When the deputies started to examine the contents of a trunk, containing his altar vestments and articles used in celebrating mass, the abbe remonstrated, declaring it would be sacrilege. One of the inspectors then assaulted the abbe, who is about 50 years old, knocking him down and injuring his skull. He also threatened to handcuff the abbe if he interfered again. Madame De La Chasse tried to flee and give an alarm, but was not allowed to leave the apartment. When the attention of the French consul was called to the affair he reported it to his government, which has advised him of its intention to claim \$100,000 indemnity from the United States.

SENATE CALLED IN EXTRA SESSION.

The President Issues the Usual Proclamation to That Effect.

WASHINGTON, Feb. 27.—The president has issued a proclamation convening the senate in extra session on the 4th of March. The proclamation opens thus: WHEREAS, Public interests require that the senate should be convened at 12 o'clock on the 4th day of March next to receive such communications as may be made by the executive:

Now, therefore, I, Benjamin Harrison, president of the United States, do hereby proclaim and declare that an extraordinary occasion requires the senate of the United States to convene at the Capitol, in the City of Washington, on the 4th of March next, at 12 o'clock noon, of which all persons who shall at that time be entitled to act as members of that body are hereby required to take notice.

Given under my hand and the seal of the United States, at Washington, this 25th day of February, in the year of our Lord one thousand eight hundred and ninety-three, and of the independence of the United States of America the one hundred and seventeenth.

BENJAMIN HARRISON, By the president: WM. F. MORTON, Acting Secretary of State.

This is the usual course pursued at the outgoing of each administration, to enable the senate to "advise and consent" to the cabinet, selected by the incoming president. It is also customary at the same session to send in the names of those selected for the most important foreign posts, and leading offices at home.

OUR WHEAT GOES TO GERMANY.

That Country Depends Upon the United States for Her Breadstuffs.

WASHINGTON, Feb. 27.—The United States is the chief source of supply from which Germany draws the deficit in her domestic breadstuffs. Such is the information contained in a report to the state department by Frank H. Mason, consul at Frankfurt, of the statistics of grain importation into Germany for the year 1892. They show an enormously increased volume of both wheat and rye imported from the United States. From fourth place in 1890 the United States rose to first place in 1892, the amount of wheat purchased from the United States rising from 1,903,775 bushels in 1890 to 23,065,795 bushels last year. The importations from the United States in 1892 were nearly half of the whole amount imported—46,509,719 bushels. The importations of rye from the United States increased from 765,833 bushels in 1890 to 4,982,325 bushels in 1892.

Russia's contribution of that cereal to Germany, owing to failure of crops, decreased from 27,000,000 bushels in 1890 to 4,500,000 bushels in 1892. Mr. Mason says the exhibit is interesting from the definite limit which it fixes to the capacity of British India and Australia as sources of supply. "Although Germany has regular steamship connection under her own flag, and a growing export of manufactured goods with both India and Australia, they play a comparatively insignificant role in furnishing the foreign wheat that is required by this country."

Valuable Discovery.

SAGINAW, Mich., Feb. 27.—W. R. Burt some years ago purchased a quantity of timbered land in St. Louis county, Minn. Within the past year there has been discovered on a 40-acre tract of this land a rich deposit of ore, which runs high to Bessemer's and low to phosphorous. This deposit is only covered by light earth, and it is claimed there are 10,000,000 tons in sight. It is not a vein, but a deep bed of mineral wealth, which is so accessible and of such a quality that it can be dug out with steam shovels. Mr. Burt has leased the mine on a royalty of 30 per cent, which will be equivalent to an income of \$300,000 a year.

The Syrians Will Be There.

NEW YORK, Feb. 27.—Word has been received in this city concerning the Syrian exhibition at the world's fair. The Syrians will charter a steamer at Beirut, which will sail in the latter part of March with about 400 people on board. There will be horsemen, dancing girls, merchants and attendants to take charge of the exhibit at Chicago. There will be about 100 men who will represent a sham battle known as the "Fantasy of the Desert." There will be 40 Arabian horses and 12 dromedaries. The syndicate having charge of the matter will also have a Syrian encampment.

A YOUNG GIRL'S CRIME.

She Murders Her Mother and Her Cousin, a Boy Five Years Old.

COLLINGWOOD, Ont., Feb. 27.—Jennie Wench, a 16-year-old girl, murdered her mother and cousin, a boy five years old, Thursday night, in a shanty in which they lived near Craighleith. The girl used an ax, and the bodies of her victims were horribly mutilated.

Jennie's brother brought the news of the murder to this place yesterday and says his sister wanted his mother out of the way so she could marry her lover. The girl has not yet been arrested.

Corbett-Mitchell Money Up.

BOSTON, Feb. 27.—Charles Mitchell, the fighter, and his backer, Abington Baird, arrived here yesterday and registered at the Parker House. In the afternoon, after a private consultation with David H. Blanchard, Baird said the money was all up for the Mitchell-Corbett fight, but would give no particulars regarding it. Mitchell will leave here tonight. After the Hall-Fitzsimmons fight he will go to England to do some preliminary work, and will return to this country about eight weeks before the date of his fight. Mitchell expects to weigh in at 170 or 176 pounds.

Rich Deposit Found.

VALPARAISO, Ind., Feb. 27.—In sinking a well at the farm of Morris Biddler at Winfield station, a layer of blue clay and slate-like rock was struck Saturday at a depth of 10 feet. On examination the rock was found to be full of a crystallized substance. Samples were submitted to an expert who pronounced it chrome iron ore and silver. The ore contains 60 per cent of pure silver. The well diggers passed through a layer of this metal about 10 feet thick.

St. Louis Priests Agitated.

ST. LOUIS, Feb. 27.—The Catholic priests of this city are again agitated and a supplemental petition concerning the administration of the diocesan affairs will be forwarded to Rome. The paper was circulated among the priests and it is claimed over half the signatures of the priests of the city were secured. The petition asks for a speedy settlement of the chaotic state of affairs which prevails in the St. Louis archdiocese.

Bank Wrecker's Sentence Commuted.

COLUMBUS, O., Feb. 27.—E. L. Harper, the famous wrecker of the Cincinnati Fidelity bank by which over \$4,000,000 was lost, and who is serving a 10-year sentence in the Ohio penitentiary, has had his sentence commuted by President Harrison. He will now be released May 1, where otherwise he would have had to serve until April 1, 1894.

Two Infants Frozen to Death.

ROCK SPRINGS, Wyo., Feb. 27.—The frozen bodies of two infants, about three weeks of age, were found in a box at an abandoned coal mine here yesterday. The babes had been healthy up to the time they were placed out to die. A watchman has been at the mines every night for months until Friday night.

Interest in Base Ball Begun.

NEW YORK, Feb. 27.—The liveliest interest is shown in the annual meeting of the National Base Ball league schedule committee to be held at the Fifth Avenue hotel, next week. The season will open between April 24 and May 1, and end between Oct. 1 and Oct. 15. The eastern teams will play against each other at the start as of old.

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. G. C. Osgood, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. KINCHESLO, Conway, Ark.

The Centaur Company, 71 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
